

Smiths Court Hotel wedding extras

Bride's night

We have created a great package for the bride, her bridesmaids, family members or any other people she would like to invite, for the afternoon and evening before the wedding.

We provide two large rooms which can sleep up to 7 people on the night before the wedding, and more rooms are available at a discounted rate if there are more people taking part in the night.

Your group arrives from 3pm on the night before the wedding. Each girl receives a simple manicure or simple pedicure during the afternoon. After everyone is relaxed and pampered, we send up a chocolate fountain and a small finger buffet to the room, or you can choose to upgrade to an à la carte meal in the evening, dependent on availability. We also provide a bottle of Prosecco for you all to drink whenever suits you best – just let us know whether you want it on arrival, or with your food in the evening.

Breakfast is included on the morning of the wedding, and then all the girls can get ready in the comfort of your rooms, and we can arrange for beauticians and hairdressers to come to your rooms. We won't ask you to check out of your room until your ceremony. When you do check out, all we ask is that you pack up your bags, and we will move them to your new room.

The price is **£399** for 4 girls, and additional girls can be added at **£40** for those who are not drinking the Prosecco, or **£50** for those who are.

Groom's refuge

If you need a place to stay on the night before the wedding, because the bride has taken over at home, we can offer a 20% discount on any hotel bedrooms you may need, on a bed and breakfast basis. This allows you to have a leisurely breakfast before getting changed and ready for your special day.

We won't ask you to check out of your rooms until your ceremony, and when you do check out, all we ask is that you pack up your bags, and we will move them to your new room.

Hotel bedrooms and exclusive use

We have 38 hotel bedrooms available for your guests on your special day, which range from singles to family suites. The rooms are broken down as follows:

- 14 standard rooms (1 twin only, 8 double only ~ 3 with sea view, 5 double or twin ~ 2 with sea view)
- 4 Deluxe rooms (2 double, 2 twin/double) ~ all with sea view

As part of all our packages, we offer up to 20% discount on our standard bed and breakfast room rates for any guests that stay on the night of your wedding, and with some packages we give a range of free rooms.

We also offer exclusive use of the whole hotel, so that only your guests stay at the hotel on the night of your wedding, and we don't allow outside guests to use the bar or the lounge. Please speak to us for further details and for pricing.

The only thing we overlook is the sea...
